GM Ramblings

Welcome to the beginning of the season! This month all leagues will begin their play. The sign-ups are on the web site and will direct you to Golf Genius.

The staff has been working hard to ensure we deliver the proper guest experience to all that come into the clubhouse or play a round of golf. I am very appreciative of their efforts!

The board has been working for the last couple of years to bring a small gaming section to the clubhouse. That process has now resulted in the State of Illinois approving El Paso Golf Club for a gaming license. This new feature will create an extra income stream for the club that will be used to make improvements to the club and grounds for the members and guests. This gaming capability will be installed on a trial basis that the board will monitor. We believe this will greatly help us to be able to improve some of the aging infrastructure.

Grass Roots with Gene

We completed the repairs to the six-inch pipe for the irrigation system and have charged the system and tested it. We did end up with a couple of large leaks that have been repaired near the greens on #5 and #7. The crew has really gotten into the mowing schedule, and we are getting started on our chemical spraying for the course. The crew will begin working in some of the areas that require some patch work with sod. The collar on the back of #7 green and the bad spot on #9 tee box have been sodded. The crew is working on the area near #11 green where the six-inch pipe was repaired.

Gene has been presented with an amazing opportunity at a club in Texas and will be leaving us in the very near future. We wish him well on the next leg of his journey and thank him for everything he did for our golf course.

If you missed out on your piece of history please stop by the Clubhouse. We have limited supplies of 100 year memorabilia for sale.

If you have any questions or comments please reach out to the Clubhouse at (309) 739-2013 or by email at manager@elpasogc.com.
