All guests are invited to partake of the buffet. We will host a Red, White and Blue 4-person scramble with a shotgun start at 2:30pm. This event includes Golf, Cart and BBQ Buffet. The fireworks show will be at 9:30pm.

GM Ramblings

Happy July to everyone! We have an amazing Independence Day Celebration planned for July 5. Come out and enjoy some golf, an excellent BBQ and fireworks.

WISE WORDS FOR GOLFERS

@golffunpluggedhq

1. Your playing partners aren't judging your score—they're judging how long it takes you to shoot it.
2. Before every swing, ask: "Would sober me do this?"
3. A pre-shot routine isn't for show—it's to trick your brain into thinking you know what you're doing.
4. The moment you think "I've figured it out," the game will humble you.
5. Golf doesn't reward bravery. It rewards discipline disguised as cowardice. (Safe is smart. Smart is sexy.)
6. If your buddy gives you advice after your shot, nod politely, then forget it instantly.

As we move through our season, we are listening to what everyone is saying. Please remember this is the first season for this leadership team and we are still learning everything we can about this wonderful club. We will be rolling out some new menu items on July 8 for the dinner timeframe. We are always working with our distributors to obtain different selections for the bar. We are working on better signage in the bar to keep everyone informed of these items.

I want to personally thank all the members for continuing to check in with the Pro Shop before your tee times. This has been a huge help to Dustin and his staff.

Please remember to turn your six-pack cooler back in at the bar after your round.

Josh and his team have been working very to keep the course up the standards you have come to expect. They recently replaced a faulty shutoff valve that controlled water flow to the front nine.

We are now able to take better advantage in the abilities of the pump station.

We have some equipment that is being repaired and once it is available the team will be working on widening some of the fairways that have shrunk down a bit. This will be a slow process as we do not want to go out and scalp any of those areas. He will be slowly cutting down those rough areas until we have the desired widths for those fairways. We are also working on getting the fountains for the ponds.

"I'm going to give you a little advice. There's a force in the universe that makes things happen. And all you have to do is get in touch with it, stop thinking, let things happen, and be the ball." – Ty Webb
